Psychological
Association

Our **January 27, 2012 seminar (12:30 - 3:30 p.m.),**
"Ride my See-Saw," by William Pinney PhD,

will take place at a different venue than our usual one. Please make note of the new venue for this seminar only:

Wisconsin Place Community Center
5311 Friendship Blvd.
Chevy Chase, MD
240-777-8088

Directions:

Friendship Blvd. is parallel to Wisconsin Blvd. If you are coming from Washington, DC, go north on Wisconsin and make a left on Willard Avenue, then make your first left on Friendship Blvd. Pass the parking lot for Whole Foods and continue on Friendship Blvd. until you see the parking lot for Bloomingdale's on your left. If you are coming south on Wisconsin Blvd., turn right on Western Avenue and make your first right on Friendship Blvd. Then make a right into the first parking lot, for Bloomingdale's. (Do not park in the lot farther down Friendship Blvd., marked Whole Foods, as you will not be able to exit at street level.) The parking for over three hours is \$10.00. Once you park, take the elevator to the P1 level. From there, you can walk out to Friendship Blvd. Turn right, and walk about 50 yards to 5311 Friendship Blvd., which is the Wisconsin Place Community Center. Enter at the street level and do not take the elevator up; instead, go through the glass doors marked "Montgomery County," and turn right. The room we will be in is on the ground level, just down the hall.
